“ I worked with Adam at Fair Oaks and he was a great friend to me. There wasn't a day that went by that he didn't check on me and my residents. He made everyday so much fun. I will always remember how happy he was. Bingo days in the hall were the best. So sad that this world lost such a wonderful person

“ To John, Karen, Kindra, and Steffi:
I am so sorry for your loss. My thoughts and prayers are with you during this difficult time. My first memory of Adam was when he was in elementary school with my brother Steven as a first-grader when I was a sixth-grader. I always remembered him with a sweet smile. He had such a happy-go-lucky personality. I am so thankful for the friendship and memories we had with him and your family. With love, Jenny Burton

“ I worked with Adam at the State Park for one season and it was a blast! Adam was such a fun spirited person, full of life and excited every day to get out there and make park visitors happy! I really enjoyed working with Adam as he was quite the motivator for the rest of the staff and all of the park visitors. R.I.P. Adam. You were one great guy!

“ He was my daughter’s favorite teacher. She has never liked school and he was the only teacher she’s had that got her excited about learning. Jones Park sure missed him.

I am so heartbroken over the death of Adam! My prayers go out to John and Karen Dyson, his siblings, his wife and son, and all his family and friends. I pray God sends His peace and comfort to each and everyone of you during this difficult time and in the days ahead. Adam was my daughter, Tara's and my grandson, Blake's head start teacher in 2016. Tara loved him and talked about him all the time. She cried when she found out he wasn't going to be there the next year. Blake and all the other kids loved him too! She has not forgotten him, and in fact, mentioned him about a week or so ago. I haven't told her yet that he is gone, but I know I need to.

“ As co workers jokes & pranks took place. I took vacation time & when I arrived back to my office there were at least over 100 empty water bottles located in every possible location in my office. I love bottled water & would drink them constintly everyday (so many 🥤), so he and my fellow co-workers saved their empty bottles & placed them EVERYWHERE in my office. It was one of the best pranks however I did not enjoy the clean up.
