“ I will always remember his easy going attitude and how much he cared about everybody else. He was so missed when he left to go to another hospital. He was an asset in his work and an asset to his family and friends.i truly thought when he left lcrh that they shouldn't of let him go elsewhere. He will always be missed. I'm sorry he didn't know how everyone felt about him. Rest easy Brian

“ We love u Brian and our heart are truly broken. I will forever miss your big infectious laugh. U and David together was almost more than I could handle. The world is a little darker without u. Rest easy friend.

“ First, I would like to express my deepest sympathy to Brian's family. I pray that God will wrap you in peace and comfort now and in the days to come. He was a great man and may your many memories be beautiful blessings to each of you.

*I first met Brian in the mid 1990's when he worked in the lab at Aaron Medical Center. He was always so much fun to be around and made the work days so much brighter. Our paths separated for several years and then in 2014 our paths crossed again. He was the same genuine, fun loving, down to earth friend I had met years ago. Brian lived life to the fullest, and would go out of his way to help anyone, he was a true definition of the word friend. Brian made a tremendous impact on the medical community in the care he provided, his loss will be felt by those he cared for and his work colleagues for years to come.*

*John 16:22: So you have sorrow now, but I will see you again and your heart will rejoice.*

*Rest easy brother, until we meet again.*

“ *Brian was one of the smartest, most caring people I had ever met. He would give anyone the shirt off his back or his last dollar. He was the brother I never had, a best friend to my husband. Words cannot express how I feel...the days will be a bit darker without him. Take care of my dad in heaven like you did here, Brian. We love you.*
