“ *We met Doug last year after we moved into our house. He was our next door neighbor. We enjoyed spending his birthday with him and his family along with 4th of July. He loved his wife Loretta unconditionally. He loved his family unconditionally too. He will be greatly missed and our thoughts and prayers are with his family during this most difficult time. Fly with the Angels God bless 🙏🙏🙏 Love Frank & Rhonda Cantrell*

“ I always loved hearing Doug play his music , he was blessed with a voice that Doug could sound like so many musicians out there and you wouldn't know the difference from the original musicians that's how good Doug was , I was always proud of Doug and love him very much . Rip Doug , Aunt Brenda will always love and miss you dearly.

L(

Doug was my cousin but our whole life he was like my brother. Growing up we did alot of wild things. I dont ever remember any arguments with him. This guy even teenage years he would help anyone he could. He has a wonderful voice in singing something he loved to do plus play for people at bars. He loved his car shows and the classic cars. He was an inspiration to many. The bond he had with my dad was like father and son. He was a great person to hang out with most definitely.i knew his sickness was getting worse the over night calls were slowing down I was really starting to miss them, When he passed away yesterday I stood outside his bedroom door feeling my soul lift. Feeling a piece of my heart going with him. Doug you will always be in my heart. Bud I knew you wanted to come back home I am so sorry we didnt get that chance so you could. I love you so much. Watch over your loved ones. Fly high with your guitar. I love you. ❤️🎸

Brian , I never knew that, I remember Doug living with you and Lisa.

Brenda scott - February 07 at 02:10 PM

BA

That's when he told me that and I set him up to succeed
