“ Have some of the fondest memories of William back from 2002 and 2003 spent the summers on the creek banks, fishing, coon hunting, camping and making memories. We would catch bait during the day and set lines in the evenings, caught 86 catfish that summer. We would cook them for supper and invite people to eat, he always grew the best tomatoes those and fried squash was always on the menu. The guys would take their dogs hunting sometimes until morning. There was always morning coffee before we could even get awake. He always fell in the creek more than anyone. Caught the tent on fire one night with a cigarette never saw him move so fast. We had some of the best laughs with him and Cherie those summers.... Great Memories. Tim, Taylor and Jeramy were all part of those fishing trips. So sorry for the loss of our friend.
