“ Jack was a member of our Veteran's Group meeting in Bowling Green, KY. Even though we were in different services (Marines vs Army)and time periods (Vietnam vs Iraq) he was always a friend. We used to talk about books together before the meeting started. He will be missed so much in our group.

“ I grew up with Jack and we made many memories. He took care of me, and we loved each other to the end. When Jack passed he took a part of me with him. As long as I am able, I will cherish him. Thank you old friend!! Jack Brent

“ Jack and I were in boot camp together at Paris Island SC in 1966. Lost connection after graduation. We both served in Vietnam but not together. Thankfully we reconnected just this past January and it was like we had just saw each other the week before Sometime you create a bond that time cannot break I think Jack and I had that bond. We are brothers for ever, Semper Fi Jack see you on the other side.
