“ Just learned of the passing of Joy. My heartfelt sympathy goes out to her family, especially her children. I have so many wonderful memories of working for your parents and spending special time with them at church and in their home. They were special years, we just didn't realize it at the time. So enjoyed watching you all grow up, get married and start your families. They will always hold a special place in my heart. With love, Mary (mghalusek@fuse.net)

“ So many great memories of working for Joy (and Joe) all those years ago !!! I worked for a couple of Florist before coming to Lutz Flowers but none of them compare to the wonderful family I came to know and love there. We worked hard---especially the holidays which stretched into the wee hours of the morning. I remember Joy being the best corsage maker ever---I hated doing corsages---but she made each one special---a work of art !!! There was great camaraderie and lots of practical jokes that made the time go by a little faster. After eight years I went into full time ministry.....I couldn't have been more thrilled when they dropped in occasionally for a surprise visit to hear me preach !!! Loved being able to go to their fiftieth anniversary---it was like picking up right where we left off years before ! Bill gave us the grand tour, got to see Pam, Debbie and Joey again in addition to the honored couple and a lot of relatives I knew back in the days at the flower shop. Funny, the older I get the more I find myself getting choked up reliving special memories, and when I heard that Joy went to be with the Lord and reunite with Joe this week I grieved the end of an era that was such a special time in my life because you all still hold a special place in my heart. Wish I could be there for the services but even in my retirement days get filled up with things you gotta do.....wish even more that I had made at least one more trip down to Jamestown.....life passes much too quickly !!! So I guess now I'll have to wait til Heaven to sit down with them again and tell them both the great impact they made on my life !!! God bless and comfort each of you in His arms of love !!! Isn't it an awesome comfort to know that death is the beginning of eternal life and for all of us like your Mom who was a believer it's not good by, rather, "see you later !!!" In HIS love, ---earl els.afcc@gmail.com

“ *While I only got to visit her a few times, my most fond memories, are visiting the farm as a small kid, as well as the cabin on the lake, in my later years. I am truly at a loss for words, I only just found out you passed, and it breaks my heart. Regardless of how distant I am from the family these past few years, I loved you very much.*

“ My sincere sympathy to Bill and the rest of Joy's family and friends. Joy taught me to knit and take care of brides and their moms when I worked with her back in the days of Lutz Flowers on White Street. She was so kind and an inspiration to all who met her.
