“ Dear Dean. To this day I still can't believe that you passed away. I was a wife .. a good friend. I will always remember when my girls an your step son went to NC. We got so passed at you , I decided to walk back home with my girls an your son Scott. Out on I95... Oh my what a blast. We all had some great times an some rotten times. But you will never be forgotten will always love you. Fly high

“ Dean you were a great friend and "brother". I was very upset to learning of your passing. You were the only person I ever trusted enough to sleep while they drive. At least I will always have the memories of the trips to Eden North Carolina and back especially through Washington, D.C. Fly high brother and I will see you again someday.
